Adaptive Legibility
Making iOS readable
in every environment.
Liquid Glass intelligently adapts its transparency, blur, and contrast based on your wallpaper and surroundings.

Contrast Results
Standard Liquid Glass
2.0 FAIL
AA 4.5:1
Default iOS 26 transparency. Fails WCAG on complex wallpapers.
Tinted Mode
3.7 PARTIAL
Better contrast but colour tint compromises the glass aesthetic.
Adaptive Legibility
4.5 PASS
WCAG AA ✓
Dynamic contrast meets WCAG AA while preserving Liquid Glass.
Accessibility Compliance
7 / 7 ✓
WCAG 2.2 AA (4.5:1)
Large Text (3:1)
Non-text Contrast
Dynamic Type Support
VoiceOver Compatible
Reduce Motion
Touch Targets (44pt)

Five Key Benefits
Better Readability
Text is always legible regardless of wallpaper or lighting.
Accessibility-First
Automatically meets WCAG AA. Elevates to AAA for low vision users.
Liquid Glass Preserved
The iOS 26 aesthetic is maintained — no opaque fallbacks.
Fully Automatic
Zero configuration. Works silently using on-device intelligence.
Context Aware
Adapts to outdoor, sunlight, indoor, and night in under 16ms.
